Simplifying your business needs

Systems ~ Relocations ~ HVAC

A range of flexible solutions that exactly meet your business needs

INTRODUCTION

Microfix MFX has been a provider of IT, Specialist Relocation and Heating, Ventilating and Air Conditioning Services for over 10 years based in the North Kent area.

The location of the business near to M25 and only an hour from Central London make us ideally placed to service the whole of the UK.

During that ten year period Microfix MFX has been a leader in innovation in all of its business sectors having built up a strong presence and expertise in the IT arena and the HVAC and Relocations divisions of the business.

In our Systems (IT Services) division we are second to none and lead the field in innovation and development of IT services and products.

HVAC

Ventilation Services

In hot, stuffy atmospheres work has little appeal. The effect this can have on staff can deal a blow to your companies productivity with staff resting more, concentration dipping and human relations suffering.

Whether you have an industrial or commercial environment, Microfix Services can provide a ventilation solution to fit your buildings needs.

These may include: -

- Air Purifiers
- Heat recovery Ventilation Systems
- High velocity extract units
- Fresh air input units

Servicing & Maintenance

Microfix Services can offer operational support for Heating, Ventilation, Air Conditioning and Electrical Systems across all industry sectors.

We will provide you with an all encompassing maintenance package to suit your needs. We can offer some of the most fully comprehensive support in the south east including: -

- Structured preventative maintenance packages
- Regular inspection visits
- On-Site operations
